LANDSCAPE GARDENER
REEF POINT
BAR HARBOR, MAINE

Dear Miss Sweeney:

I am looking forward to seeing you here but as my back has been rather wretched the last few days and I am over-tired I may see you but briefly. Mrs. Stover and Miss Spaulding will I am sure look after you, and as you know Miss Shillaber is to be here to help you with any book questions. I suggest that you, Miss Shillaber and Mrs. Doudna spend Thursday morning in the library, and Miss Spaulding has said that she will see you around the gardens on Thursday afternoon. Mrs. Stover will be here on Friday and you and she can go over Dumbarton questions. Trusting that you had a pleasant trip and that I will see you soon,

Yours ever sincerely,

Beatrix Farrand
