BEATRIX FARRAND  
LANDSCAPE GARDENER  
REEF POINT  
BAR HARBOR, MAINE

August 14, 1950

Mildred dearest:

This isn't a letter but it encloses a sprig of white heather to you and Robert. Of course you know that white heather brings you to the place whence it came so I hope it will mean that before too long you will be back here again as you are greatly missed.

It is good news to know that you are going to be able to leave as soon as next week and I hope all will go well so that your plans for Europe and the arrangement for the John Dill monument will be safely engineered. Poor Robert, he has so many responsibilities that one rather hates to have him troubled with a problem of this sort immediately on top of an operation. My dearest and best to you both.

Yours devoted -

Beatrix Trix

Such a lovely brilliant  
day & all the heather blooming -

It was stupid of me not to  
make the point clear as to Mrs Bryant's  
Sta And garden - The new arrange-  
ment may be all to the good, but quite  
definitely it was not her wish else  
she wd not have built the -

great heather, which is to be  
destroyed -
