Dearest Mildred:

Beatrice Farrand, Agent, has two accounts in your name: the first of which is the Catalogue House print account and shows a modest balance on hand of \$15.00. May I ask Mr. Russell for \$50.00 more sometime fairly soon. It is better to pick up prints as and when one sees them, than to wait and let someone else get ahead in the Queue. The second account, as you will see by the enclosed separate statement, covers the annual payment to the Royal Horticultural Society for the 1947 dues of Mr. Van Rensselaer and Bryce. These fellowships give them both much pleasure and profit. The photograph account is sent to you, if it should go to Mr. Thacher it can easily move over.

My own time is hardly perceptible so no charge is made for it, but Mrs. Stover's letter writing and bookkeeping are carefully submitted!

Yours with affection

Trixi
