Well my very dear, really I do
think that we carry over
twinning to exaggerated limits,
when we both have our Chief
operated on in the same month.
There is no use in talking, the

You don't know how re-
lieved I am about your feeling
as to Sweeney - she seems to me
so well fitted for the job that at
least the trial is worth while -
As I am used to taking my twin's
mind as my own, sometimes I
wonder if I do too much & feel
too sure - As the Sweeney situa-
tion appears to me - she ought

on August 31 - if you will
pay her months holiday - which
will be interrupted by a visit
to R. P. for teaching & rehearsal -
Then Sept 1 - she goes in Har-
vard, & her salary will be
paid 1000 - by you, bless you,
& my squeezing out of Bryces budget,
bless my share - & so we'll get
her rest somehow - What a relief!
Thank you very dear!
