Dear Miss Willgoose:

Upon receipt of your letter of the 16th of January asking me about the Nuttall's "North American Sylva" I sent it to Mrs. Schwarden the Librarian at the Arnold Arboretum, as she has always helped Mrs. Farrand and me in matters of this sort. Yesterday her answer came as follows:-

"I think that \$50.00 would be a fair price for the Nuttall North American Sylva three volumes in 2, Phila., 1859. It is hard to put a price on an unseen article! It should be in Dumbarton Oaks Library."

I do hope this will be of help to Mrs. Bliss, but at the moment it is all the information I am able to give you. With best regards to you and Miss Sweeney.

Yours very sincerely,

*Isabel M. Stoner*
