My dear & always true —

Thank you for being with me in the last week. The days have been made easier because your hand was in mine & your heart was with me. You were wise not to try to telephone us later, as we are a desperately "early to bed" family, & we may have been asleep! All goes well, & although I am told not to force or press, I am gaining steadily & in stability of mind.

When you reach Sta. Barbara, best messages of affection & friendship to all. The Trustees of the Garden may try & ask to relinquish the Directors House property, but if you agree with me in thinking it is definitely the vice & far sighted arrangement — do not yield — which you can do more gracefully than anyone else —

Your devoted

Trix
