

287 n / 43

It occurs to your gardening
twin that possibly the flat
kind pool in Doric stone,
exiled from the office garden
at D.O. would look well
in the open space - per-
haps surrounded by a fringe
of ivy, as the borders
were in Edith's garden
near Paris - Will you
think this over - my dearest
dear - Personally I like
the round blobs in the S. W.
corner better than the square -
