January 16, 1950.

Dear Mrs. Stover:

Mrs. Bliss has an offer to buy a copy of Thomas Nuttall's "North American Sylva," 2 volumes; not described in the work of Andrew Michaux, illustrated by 121 colored plates (plates #30 and #31 were never issued because of plates 5bis and 10bis), published in Philadelphia, by Rice & A.N. Hart in 1859.

Mrs. Bliss would appreciate your findings of this work, also a comparative price. This copy is in good condition, brown mor. binding, blind tooling, 11" x 7-1/2" three volumes in two, volume 1 being the fourth volume of Michaux and Nuttall's "North American Sylva."

I know that Mrs. Bliss would like to feel that this work might be worthy of a place in Dumbarton Oaks Garden Library before making a decision.

Miss Sweeney joins me in sending our kindest regards to you.

Very sincerely

for Mrs. Robert Woods Bliss
