Dear Mrs. Stover:

Thank you for your kind letter of April 17 telling about the eight volumes of Tipping's English Homes. It is fortunate to be able to get them in this country.

Mrs. Bliss would like you to purchase this set for her (Tipping, H. A. English Homes) which Mrs. Farrand recommends as a very good buy for Dumbarton Oaks.

Spring has arrived though very slow in coming; garden blossoms are very much behind but they never fail to come and Dumbarton Oaks is beginning to look very lovely.

Very sincerely yours
